The Rev. John B. Durbin, D. D., 1876.

Fulton's first trip, 1867.
Two-cent postage adopted, 1883.

SORGHUM SUGAR.

Governor Rusk has returned to Washington from an extended trip in the southwest on which he investigated the sorghum sugar question. There are several mills in Kansas and Missouri, engaged in the manufacture of sugar from cane, and it was the work of these mills which the secretary of agriculture desired to inspect. When interviewed as to the result of these operations in the southwest and whether or not the new process was likely to prove successful, the governor said: "I cannot say that it has as yet. The government chemists stationed at the mills are at work to find ways of improving on the results which we now get, but unless that can be done I am very doubtful about the profit of making sugar from sorghum cane. Three or four of the chemists, however, are still hopeful of favorable results."

It is possible that it will pay to expend time and money on the new process for manufacturing sugar from sorghum cane, but the chances seem to be against strong hope. It is a practical question to ask why not make experiments with the sugar beet? It is a certainty that an excellent quality of sugar can be made from beets. The experience of other countries testifies to the truth of this statement. Germany and France and Belgium and other countries have machinery by which they manufacture a first class quality of sugar from the sugar beet. The machinery can be made in this country, and it is not difficult of management. As to the beets, there is no trouble to grow them. The soil of Ohio, Wisconsin, Kansas, Nebraska, and several other states, is especially adapted to the growth of the sugar beet. They have already been raised in Ohio and Wisconsin and the production has been all that could be desired. There is more profit and more certainty in growing sugar beets than in engaging in the production of tobacco.

A REFORM NEEDED IN DELAWARE.

The telegraph brought the news from Delaware the other day that a flogging of two negroes took place at Newcastle, and that about 150 persons, nearly all whites, assembled to see the poor fellows suffer under the torture of the lash. The crime for which the negroes were punished was of no consequence—not of importance enough to take them to jail, and so the authorities ordered the lash applied for forty-two times.

It is one of the strange things of the times that there is not civilization enough in Delaware to abolish the cruel and unnatural mode of punishment, civilized communities consider too barbarous and antiquated to adopt. The state is growing, the spirit of slaveocracy is dying out, churches are multiplying, schools are increasing, and it does seem that the intelligence of the people of that state would positively demand that such a form of punishment shall no longer dishonor Delaware.

There is something demoralizing in such an un-American system of punishment. What drew the 150 persons to witness such a scene? It was not to sympathize with the poor fellows who were being flogged because the revolting scene brought from the idle or the low-bred crowd laughter and jeers as their unfortunate fellow-beings writhed in pain and agony. There can not be a more demoralizing spectacle than to see a crowd of idle curiosity seekers, vulgar and profane, making sport of the intense sufferings of their fellowmen. Such a public exhibition of cruelty will draw out just such a crowd, and the effect is to unman and demoralize the persons who witness the scene. Isn't there enough righteousness in Delaware to abolish the whipping post?

The North American Review for October contains two important articles on industrial subjects, two on matters connected with national politics, three on military topics and one on a pressing religious question. Besides these, there is a striking symposium on defects in medical education in this country. Henry George emphasizes "The Warning of the English Strike," and suggests the single tax as the only remedy for labor troubles. Mr. George justifies a strike only as a means to an end. In "The Tyranny of Labor Organizations," Austin Cobbitt deals with the subject from the employer's point of view and pleads for entire freedom on the part of both employer and employee. The Hon. Thomas B. Reed, M. C. of Maine, discusses the question of "Obstruction in the National House," and insists on the adoption by congress of rules which will facilitate the transaction of business. Ex-Postmaster General Don M. Dickinson writes of needed reforms in the postal service, under the heading "Progress and the Post." Jefferson Davis makes a vigorous reply to the strictures made upon him by the British adjutant-general in the first article of his series. An entertaining contribution on "Ericsson and his 'Monitor'" is furnished by Prof. Charles W. McCord, of the Stevens Institute of Technology, who was formerly chief draughtsman for Captain Ericsson. There are several other articles of interest in the current number of the North American, and altogether, the number is one of the very best.

Gen. George Foster, at one time a prominent lawyer and a man of wealth and high social standing, was arraigned

at the Harlem police court this morning on a charge of intoxication. He was arrested last night at Harry Hill's place; Foster, who is a physical and financial wreck, was district attorney of Washington, D. C., at the time of the murder of President Lincoln and conducted the prosecution of Herold, Atzerott, and Mrs. Surratt, who were hanged for the crime. Foster has been going from bad to worse for a long time. Lately he has had domestic trouble. He was discharged with a reprimand.

The foregoing is a dispatch from Washington. Those who are old enough to remember the trial of the conspirators will well remember the ability and eloquence of General Foster. He was a powerful lawyer in his day, and had a future before him not often presented to young men starting in a professional life. But Foster was reckless and weak, and was tempted above that which he was able to bear, and his fall is one of those personal calamities that come with the deepest regret.

The little steel cruiser Dolphin, that the ghost of John Roach may take at least a melancholy pleasure in, is now anchored in New York harbor, after steaming over 50,000 miles in all parts of the globe. She has no real power. In all that cruises not a single accident, which under the Whitney condemnation policy should have happened, did happen to her. She was attached to every United States squadron but the South Atlantic.

This item which is doing a good deal of traveling, illustrates how wickedly partisan and cruel the democratic administration was to John Roach simply because he was a republican and a protectionist. The Dolphin was condemned by the democratic secretary of the navy. Other condemnatory judgments were made against Roach simply to crush him, and they succeeded. Roach was forced to suspend, then came his broken heart and death; and after all, the Dolphin and all his other vessels prove first class.

WILL DARE NIAGARA FALLS.

A Human Ostrich Has Ordered a Float of Curiously Fashioned Rubber.

Another Niagara Falls navigator has appeared, this time in the person of William Dalavanti, a concert saloon hummer, who devours live snakes and frogs, horsehoof nails, ticks, lamp chimneys and marbles and drinks kerosene oil. He is twenty-one years of age, has been a professional swallower for the last eight years. He intends going over the falls. He has contracted with the Goodyear Rubber Company for a ball 5 feet 9 inches in length and 3 feet wide, inside measure, in which he intends to go over the Horseshoe Falls, starting from Goat Island, at noon May 23, 1899. The ball cannot be completed before midwinter. It will be padded on the inside and will be closed with an airtight cap on the end. Dalavanti will be supplied with oxygen from a patent reservoir. It is calculated that the trip can be made in twenty-five minutes, and the reservoir will contain an hour's supply of air.

After Her Young.

A naturalist contributes to Nature, from the Island of Crete, a paragraph relating to one of the most interesting aspects of bird life. A gardener caught a young but fully fledged sparrow, which he carried to the house of a friend three miles away. He left home early in the morning.

He presented the bird to one of the children, and it was put into a cage and hung at the window, where it seemed likely to be contented, losing its fright after a few hours. Late in the afternoon an old bird was noticed fluttering about the cage, apparently trying to get at the little one, and the young bird at once became frantic to get out.

The old bird was evidently the mother of the young one; the recognition between them was too cordial to leave any doubt upon that point; and when the girl opened the cage, as she did after a little, they both flew off rapidly in the direction of the place from which the little one had been brought.

It was believed impossible that the old bird should have followed the gardener, as in that case it would have been seen earlier in the day.

Ice in the Sick Room.

A saucerful of shaved ice, says the New York Medical Times, may be preserved for twenty-four hours with the thermometer in the room at 90 degrees F. If the following precautions are observed: Put the saucer containing the ice in a soup plate and cover it with another. Place the soup plates thus arranged on a good, heavy pillow, and cover it with another pillow, pressing the pillows so that the plates are completely embedded in them. An old jack-plane set deep is a most excellent thing with which to shave ice. It should be turned bottom upward, and the ice shaved backward and forward over the cutter.

Progress of Beet Sugar. Already more than half the world's sugar is derived from European beet root. Science, chemistry, and mechanical skill have combined to transfer the habit of a prime necessity of life from the tropics, where only it was supposed it could be produced, into the Northern latitudes. Science has shown the way to prepare the soil for it, has overcome all the mechanical problems necessary to the extraction of the sugar, made its cultivation profitable, and given employment to tens of thousands of wage earners. The future of this great industry seems almost boundless in its possibilities.

We accidentally overheard the following dialogue on the street yesterday. Jones Smith, why don't you stop that disgusting hawking and singing? Smith. How can I? You know I am a martyr to catarrh.

Jones. Do as I did. I had the 'dis-ease' in its worst form but I am well now.

Smith. What did you do for it?

Jones. I used Dr. Sage's Catarrh Remedy. It cured me and it will cure you.

Smith. I've heard of it, and by Jove I'll try it.

Jones. Do so. You'll find it at all the drug stores in town.

Never saw carpets sell better than they do at present. People find that they do not have to go away from home to see a stock and get prices. Are showing a large line. J. M. Bostwick & Sons.

A SECOND LIFE SENTENCE

LAWYER BILLINGS GIVEN THE SEVEREST PENALTY.

Daring Escape of Three Prisoners—Both Contestants Killed—Murdered by a Negro—Various Crimes.

WATERLOO, Iowa, Oct. 1.—Monday afternoon the judge sentenced Billings, convicted of murder in the second degree, to life imprisonment. This is the same sentence he received before and there will hardly be any other trial or any changing of the sentence. Billings and his wife are nearly prostrated by the result. A motion was made for a new trial on several points, but it was overruled.

A murderous attack was made on Sheriff Hone at Waterloo while he was giving the prisoners their supper, by three men who were brought from Grundy county on a charge of horse theft. The sheriff was beaten to insensibility, and the men escaped, but the alarm was soon given by Lawyer Billings and 200 armed men are in pursuit.

DEATH IN AN IMPROVISED DUEL.

A Louisiana Editor and a Sheriff Killed in an Exchange of Shots.

ROSELINE, La., Oct. 1.—For some time there has been a newspaper controversy between A. C. Poole, editor of the Western News, and Les C. McAlpin, sheriff of Vernon parish. A few days ago Poole sent McAlpin a challenge, which the latter did not accept. Last Friday morning the challenge was repeated, and Poole followed it up and went into the sheriff's office with his pistol in his hand while McAlpin was reading the challenge and said to him: "Now is the last time we will have to settle our differences." McAlpin drew his pistol and Poole opened fire first. Several shots were fired by both parties. McAlpin emptied the contents of his pistol in Poole's head and face, killing him instantly. McAlpin died a few minutes later from a wound in the abdomen, it being the effect of the second shot fired by Poole.

Murdered by a Negro.

MEMPHIS, Tenn., Oct. 1.—Charles Lacey, a well-known liveman of this city, was shot and killed at Dexten, Tenn., last night by a negro named Bill Swift. A few days ago Swift stole a mule from John Farrar, a farmer living near Dexten, and brought it to Memphis, where he effected a trade with Lacey. Yesterday Farrar appeared and claimed the mule. Lacey swore out a warrant for Swift's arrest and in company with Farrar drove out to the thief's house. Swift was ready for them and as Lacey opened the door shot him dead. The murderer escaped.

Riot Among Hungarians.

PHILADELPHIA, Pa., Oct. 1.—A riot occurred yesterday at a Hungarian christening at Allport, No. 10 Collier, operated by R. B. Wigton & Co., about four miles from this place. One Hungarian named Mike Ketch was murdered outright and two others were seriously hurt. Four of the rioters are in the city jail and warrants have been issued for several others.

Perjurers Indicted.

NEW YORK, Oct. 1.—The grand jury has handed in indictments for perjury and conspiracy in the notorious Black divorce case against Sheriff James A. Black, William J. Black, his son, John Black, and Monell, counsel for the sheriff. Thomas Meeks, referee in the divorce proceedings; Mrs. Raymond, co-respondent in the case; and George D. Hart, brother-in-law of the sheriff.

Broke Jail.

KANSAS CITY, Mo., Oct. 1.—Arthur McGee, Tony Reed, and Tom Wilson, described by the police as St. Louis "Kerry patch" thieves, who were arrested last night on a charge of vagrancy, escaped early this morning from their cell at police headquarters by filing off the bars of the cell door.

A Missing Girl Found Murdered.

CONOVERVILLE, Ind., Oct. 1.—The dead body of Katie Wood of this place, who has been missing since Sept. 21, was found in the canal near here bearing unmistakable evidence that she was murdered. There is a deep hole in the head, the body is much bruised, and the clothing torn to pieces. Conoversville is greatly excited over the affair.

Split Open His Own Skull.

DECATUR, Ill., Oct. 1.—George F. Kessler, proprietor of the Chicago notion store, went to bed last evening and made a desperate effort to kill himself with a hatchet, cutting into the skull to the brain. He is still alive, but the doctors say he cannot recover. The cause is supposed to be financial trouble. He came here from Baltimore, Md.

His Bloodily Career Ended.

NOGALES, Ariz., Oct. 1.—J. K. Tallier, leader of the gang that robbed a train on the Sonora railroad a year ago last May and killed Conductor Atkinson and Fireman Forbes, and who was subsequently convicted of the crime and sentenced to death, was shot early this morning by the Mexican authorities at Guaymas.

Sister Camille's Lover Arrested.

INDIANAPOLIS, Ind., Oct. 1.—Gov. Hovey has ordered John Murray delivered to the Kansas authorities. Murray is the lover of Sister Camille of the convent at Lyons, Kan. He nearly murdered her because she would not violate her vows, forsake the convent, and marry him. Murray is under arrest at Terre Haute.

Robbed His Own Countryman.

NEW YORK, Oct. 1.—Italian laborers in Mott street are greatly excited over the disappearance of Leon de Leonardi, who did kind of banking business among his countrymen. He left 7 cents in the safe and took \$18,000 with him.

Various Criminalities.

THEODORE McCLELLAN, agent at Michigan City, Ind., for the Michigan Central railroad, is short in his accounts from \$1,000 to \$2,000, and is now in charge of an officer pending an investigation.

HERMANN R. BATTERSON, brother of the president of the Travelers' Insurance company of Hartford, Conn., committed suicide at New York by blowing out his brains with a revolver. No cause is known.

JOHN JONES, aged 16, has been arrested at Pittsburgh, Pa., for murdering Anthony Now, a Homestead (Pa.) iron-worker aged 39. Now was teasing Jones and the boy struck him on the head with a monkey wrench, inflicting injuries of which he died.

John B. Buck, with several aliases, convicted of stealing Mrs. Potter's diamonds, and Columbus Sewall, convicted of robbing Senator Davis' house, saved their way out of jail and escaped with the aid of a confederate.

TODD'S.

"BURTON AND INDIA PALM ALKES" are acknowledged by judges to be superior to the Imported English Ale. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale—Brewery owned and Milwaukee street bridge.

BASEBALL SCORES.

Results of the Latest Games—The National League.

At Chicago the visitors played good ball, but could not hit Gumbert very hard, although they were assisted to some degree by the errors of the home club. Score: Chicago.....2 1 1 0 0 1 1 1—9
Washington.....0 0 0 1 1 0 0 3—5

AT PITTSBURGH.

Pittsburg.....0 0 1 0 0 2—3
New York.....0 0 0 0 0 0—3

AT CLEVELAND.

Cleveland.....1 0 1 0 0 4—6
Boston.....0 0 0 0 0 0—3

The American Association.

At St. Louis the Browns defeated the Louisville in a game abounding in pretty plays. Tom Ramsey pitched, and he did splendid work. Outside of Ramsey's pitching the feature of the game was the great running catch by McCarthy, on which he made a double play. Score: St. Louis.....1 0 3 0 0 1 1—6
Louisville.....1 1 0 0 0 1 0—3

AT KANSAS CITY.

Cincinnati.....1 2 0 0 2 1 0—9
Kansas City.....0 0 0 1 2 3 2—8

The Western Association.

At Sioux City the corn-huskers played the concluding game of the season, and heavy hitting was the chief feature. All the Sioux City nine, with the exception of Crowell, have been reserved for the season of 1900. Score: Sioux City.....12 2 6 3 4 0—30
Des Moines.....4 0 0 0 4 1 0—6

AT MINNEAPOLIS.

Minneapolis.....0 1 0 0 1 1—15
St. Joseph.....4 1 3 0 0 1—10

On the Turf.

At Gravesend the fall meeting of the Brooklyn Jockey club ended. The winners were Longstreet, Lady Reed, Judge Morrow, Gregory, Kingston, Huntress and Ladette.

At Latona the winning horses were Event, Mary Malloy, J. B. Freed, Clamor and Ireland.

At Chicago first money was taken by Steve Jerome, Sheridan, Mark T. McCarthy and King Roxbury.

HIS YOUNG WIFE DYING.

The Bride of James G. Blaine, Jr., Believed to Be on Her Death-Bed.

PHILADELPHIA, Pa., Oct. 1.—Relatives in this city of Marie Nevins Blaine, the beautiful young wife of James G. Blaine, Jr., have received the startling intelligence that she can not recover from her recently developed illness. Since her removal from the home of her friend, Mrs. Doramus, in New York, to the home of her parents at No. 288 West 10th street, last week, her condition has changed for the worse. The inflammatory rheumatism with which she was struck down five weeks ago while attending a rehearsal at the Lyceum theater, has defied all the efforts of her able physicians. The fathers of her parents to her relatives here how that they have almost abandoned hope. They can get no more reassuring state sent from her physicians than that she is in a critical condition.

The latest intelligence as to Mrs. Blaine's condition has thoroughly alarmed Mrs. Niel that she intended to hasten this week to the bedside of her niece, and if she finds her condition as hopeless as reported, to remain there till the end. The severity of Mrs. Blaine's illness is indicated by the statement of her attendants that it is necessary to keep her under the constant influence of opiates, in order that she may be able to take food. She is suffering by the excruciating torture of her malady.

WALKER HAS A PLAN.

He Thinks He Has Solved the Race Problem in the South.

COFFEYSVILLE, Miss., Oct. 1.—State Senator Joel P. Walker of Meridian, Miss., thinks he has found a remedy by which all the friction between the blacks and whites will be removed. He contends that all the strife and discord that arises between the races emanates entirely from politics and the demand of the negro to have the State offices divided and the avowal of the whites that no negroes should hold any place wherein the whites are interested.

He reasons that if you take away from the negro all hopes of gaining political power it will dampen his ardor and zeal to go to the ballot box and by his remaining away the State remains peaceful. Mr. Walker will therefore in all probability introduce in the State Senate in January next a bill prohibiting any negro or any man with negro blood from holding a political State office. He says, and other eminent lawyers affirm his statement, that such an act will not conflict with the fourteenth and fifteenth amendments to the United States constitution. So far the proposed plan has not met with popular favor, and the bill, if introduced, will not likely become a law.

DIVORCED FROM THE DEAD.

A Jewish Widow Goes Through a Strange Ceremony at Louisville, Ky.

LOUISVILLE, Ky., Oct. 1.—A Jewish ceremony of divorcing a woman from her dead husband, according to the old requirements of the Moslem law, took place yesterday. The woman was Mrs. Levin, whose husband, a peddler, was killed on the 27th of last June by two tramps. She had two children and the old law of the orthodox Jews is that in such a case the dead man's eldest brother is to marry the woman and raise up the children in the name of the deceased. Mrs. Levin, however, did not desire to marry Israel Moses Levin, her husband's brother, nor he her. She had, therefore, to be divorced, and as there were not in Louisville two orthodox Jewish rabbis, who were required to perform the ceremony, they were brought here from Chicago. The divorce took place in the synagogue in the presence of a small congregation, that had thrifly been assembled 25 cents a head.

The Rock River Conference.

OTTAWA, Ill., Oct. 1.—The semi-centennial session of the Rock River conference of the Methodist Episcopal church began its annual session in Ottawa Tuesday, with about 300 ministers in attendance. Bishop Newton of New York presides. Sixty applicants for admission to the conference have already arrived, and the class was examined Tuesday.

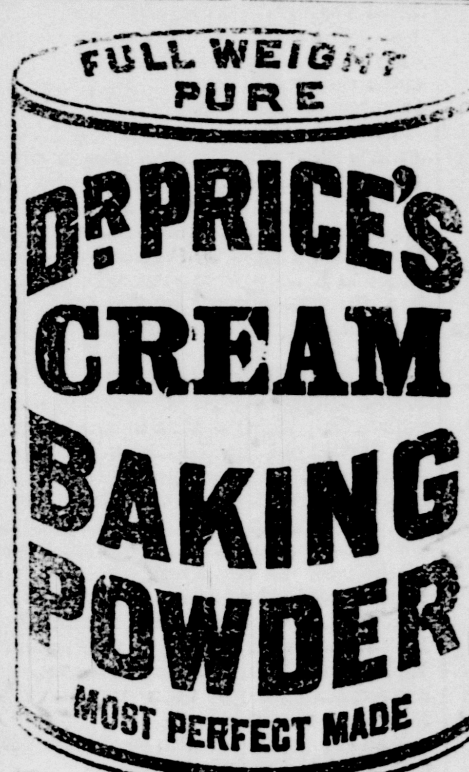

The Rev. Charles R. Huseon Is Dead.

COLDWATER, Mich., Oct. 1.—Charles R. Huseon, aged 70, died of apoplexy at his home here about 9 o'clock Sunday night. He was a retired Episcopal minister. He leaves a wife and two children. His daughter is the wife of Prof. C. C. Langdell of Harvard university.

The directors of the St. Louis & San Francisco railroad company declared the regular quarterly dividend of 1 per cent of the preferred stock.

PATENTS.

Mechanical Draughtsman and Expert in Patent Cases. Patent Business Exclusively. TELEPHONE 311. Room 1, over 110 South Main St., Rockford, Ill.

THE NATIONAL CAPITAL.

THE DAY'S BUDGET OF WASHINGTON NEWS.

Report of the Railway Commissioner—Accusations Against a Consul—To Disseminate Crop News.

WASHINGTON, Oct. 1.—Secretary Noble has received the annual report of the Commissioner of Railroads Taylor for the fiscal year ending June 30 last. As Taylor was not appointed to the position until July 17 of the work of the bureau does not come under him and he confines himself to recommendations.

Several railroads which received land grants from the State refused to report to the railroad commissioner, who differs from them and claims that as the State received land from the United States and then gave grants to the railroads it is the same as if they were granted directly. He has, therefore, reported these railroads to the Secretary of the Interior for judicial action.

The commissioner next devotes himself to the subject of the rate of interest on the railroads. He says that in most cases they are devoid of palliation or excuse, and that they destroy or imperil the value of railroad securities and impose unjust burdens upon the commerce of the country. The commissioner disagrees with the claim of the railroad managers that the recent losses sustained were due to restrictive laws enacted by Congress and various States. He believes that in many sections of the West, notably in Iowa and Kansas, roads have more mileage than necessary and, therefore, run at a loss.

The commissioner also expresses his belief that the railroad managers do wrong in fighting to secure trade from competing points in a State for developing local traffic.

The commissioner indorses the recommendations of his predecessor in favor of enacting a law providing for the funding of debts of the bonded roads. He believes also in extending the time and reducing the rate of interest. He opposes having regular fixed payments and thinks that the law must not be too strict, for in the event the roads are not able to meet them and the government might be compelled to pay off prior liens and take possession of the roads.

Besides the extension of time and the reduction of interest, the commissioner decides that the roads be required to pay a certain per cent of their gross earnings to the liquidation of their indebtedness to the government. Thus in the years of depression roads could not pay much on the indebtedness, while in prosperous years they could do better.

In conclusion he gives a complete statement of the indebtedness of the Pacific railroad, etc., and shows that it will be impossible to pay all off at maturity.

CHARGES AGAINST A CONSUL. The Representative of this Country in Morocco in Trouble.

WASHINGTON, Oct. 1.—Charges of a serious character have been made to the State department, during the last year, concerning the official and personal conduct of Reed Lewis, of Pennsylvania, United States Consul-General at Casablanca, Morocco. The charges affect the manner in which he has conducted the accounts of the office and also his bearing as representative of the United States in outside dealings. The first recent allegation against Consul-General Lewis is made by a newspaper published at Tangier, which goes so far as to make a direct charge of an attempt at extortion of money from another representative of the United States, Vice Consul Cohen, who is stationed at Mazagan, Morocco. According to the newspaper, Lewis called on Cohen, who is wealthy, and demanded 50,000 francs as the price of his retention in office. Cohen refused to comply with this demand, and Lewis said that the consular agency had brought Cohen large profits, and he could afford to spare 20,000 francs. Cohen, again refusing, was deprived of his office by Lewis, who offered it, without success, to several persons. It was finally accepted by Daniel Madden. The paper also charges that Cohen was placed under arrest, his papers seized and the American flag over the consulate hauled down. State Department officials say that the case is in instant. Secretary Wharton's hands, and they refuse to discuss it until he returns. Lewis is the son of a wealthy Philadelphia.

MANY COLORED POSTMASTERS. Most of Them Give Satisfaction in Their Positions.

WASHINGTON, Oct. 1.—In connection with the postoffice at Laverne, Ala., it is stated at the postoffice department that there are quite a number of colored postmasters through the South who generally give a position in the postoffice at the head of small offices, but their exact number is not definitely known.

No questions are asked as to color when recommendations are made. The number of colored postmasters, it is said, is how ever, very small in proportion to the whole number—some 60,000 postoffices.

The Osage and Fred Douglas. WASHINGTON, Oct. 1.—The official correspondence concerning the detail of the United States steamship Osage to take Minister Douglas to Hayti, made public last evening, shows that Commander Kellogg was relieved from duty on the Osage before it was known that the vessel would be detailed for the service.

Secretary Blaine at His Desk. WASHINGTON, Oct. 1.—Secretary Blaine was in his office Monday for the first time since June last. He looks well, although his face is pale and he has lost flesh. He had his hands full of business, for there are some very important matters pressing on the department, and he declined to see all visitors.

Demise of Judge Dale. WASHINGTON, Oct. 1.—Judge William P. Dale, for many years prominent in public life in Illinois, died here last night. He was born in Vermont in 1811, and while a young man moved to Indiana, where he practiced law and served eight years in the State Senate. He then moved to Edgar county, Illinois. He was a strong anti-slavery man and a delegate to the Republican convention in 1860. He was Mr. Lincoln's commissioner of Indian affairs and since that time lived in Washington. He leaves a large property in real estate in Illinois. His remains will be interred at Paris, Ill.

THE CROP REPORTS. A Plan to Get Them More Promptly Before the Farmers.

WASHINGTON, Oct. 1.—The Secretary of Agriculture is receiving numerous complaints from farmers in all parts of the country relative to crop reports as at present furnished. In some places in the West the farmers have entered into combinations not to furnish to the State agents nor to any one the condition of the crops, claiming that the middlemen and the speculators get them in advance of the producer.

For some time past Secretary Rusk and Assistant Secretary Willott have been revolving some plan whereby the farmer may be placed upon an equal footing with the buyer. The plan that has been received with the greatest commendation is that in

which the Signal office and the Associated Press will be utilized to disseminate the report. The latter will, if the scheme is adopted, be required to telegraph the reports to the postoffice in every commercial and industrial center of every State and Territory, where they will be printed and copies at once transmitted by mail to every postoffice in the State or Territory, at which point it will be placed in a frame prepared for the purpose and hung up for the inspection of all concerned.

Internal Revenue Appointments. WASHINGTON, Oct. 1.—The Secretary of the Treasury has made the following appointments in the internal-revenue service: Illinois—Fifth district, J. W. Crum, store-keeper; Charles B. Cook, gauger. Michigan—First district, W. J. McMichael, gauger. Kentucky—Second district, John A. Morrison, store-keeper and gauger. Fifth district, William Manly, store-keeper, and T. N. Edwards and R. C. Todd, gaugers. West Virginia—G. K. Gay, gauger.

The Pension Commission. WASHINGTON, Oct. 1.—The pension commission is still unsettled, but the impression seems to be that Mr. Campbell of Kansas will be the man. He is supposed to have the earnest support of Secretary Noble. The friends of Gen. Brown of Ohio are making an earnest fight in his behalf. Senator Sherman and Congressman Butterworth have been at the White House and the Interior department urging his appointment.

A Concession to the Chinese. WASHINGTON, Oct. 1.—Secretary Windom has issued new instructions relative to the transit of Chinese laborers through the States and Territory. An important change is that the government does not require a certificate from a Chinese consul, but exacts a bond of \$200 on each laborer, requiring him to depart from the United States within twenty days from his arrival here.

Mexico Will Protest. EL PASO, TEX., Oct. 1.—The Mexican government is preparing to protest at Washington against the diversion of the waters of the Rio Grande into the irrigation canals of the United States. Mexico claims prior riparian rights. There are 300 of these canals in Colorado alone.

Placed on the Retired List. WASHINGTON, Oct. 1.—The following army officers have been placed on the retired list: Major Charles H. Hoyt, Quartermaster, and Capt. Harrison S. Weeks, Eighth cavalry.

STILL PERSECUTING THEM. Christians in Crete Take Refuge in the Mountains—Dying of Hunger.

ATHENS, Oct. 1.—The accounts of the condition and treatment of Christians in Crete continue. The mountains are full of fugitives, who are perishing from hunger and exposure.

In the towns the Christian natives keep to their houses, not daring to stir outside, it being sure death or arrest to expose themselves in the streets unless in large numbers.

In the villages their safety depends wholly upon their numbers. Where they are in the minority they are liable to attack.

The state of things in Crete, the capital of the island is appalling. The prisons are filled to overflowing; the sanitary conditions are wholly neglected, and disorder prevails through the town, although the barracks are crowded with troops.

It is feared that a pestilence will break out. There are many cases of malignant fever which may soon become an epidemic.

The Rotterdam Strike. ROTTERDAM, Oct. 1.—A number of striking dock laborers manifested a disposition to return to work to-day, but they were prevented from doing so by arguments and threats of their comrades. Two Dutch men-of-war, three gunboats, and two troops of war are moored in the river. Forces from these vessels will be landed to prevent rioting.

Mr. Gladstone Slightly Improved. LONDON, Oct. 1.—Mr. Gladstone is confined to his room from indisposition. His physician, however, says that his ailment is nothing more serious than a severe cold, and that he will probably be restored to his usual health in a day or two.

MAY YIELD THEIR LAND. Indian A 'Jacent to Oklahoma May Sell Uncle Sam Their Reservation.

GUTHRIE, I. T., Oct. 1.—W. P. Thompson, who for some time has been among the Iowa Indians on their reservation, two miles south of this place, explaining to them the advisability of taking lands in severally and giving up their reservation to the government, returned last evening. He says the Indians are contented to give up their reservation and to accept of the government there will be thrown open to settlement 200,000 acres of rich farming land. The Iowa tribe numbers but thirty-three souls all told, and the commission will have but little difficulty in dealing with them.

Working for John L. Sullivan. BOSTON, Mass., Oct. 1.—A meeting of sixty or seventy Fourth District Democrats was held at the Sherman house Sunday in the interest of John L. Sullivan's candidacy for Congress in that district. The enthusiastic speeches were made and plans laid for securing his nomination at the expiration of Hon. J. H. O'Neill's term.

Facts Worth Knowing. In all diseases of the nose, mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with donkeys, snuffs, powders or syringes, because they are irritating, and so thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict tested the nasal ointment wrought by Ely's Cream Ointment.

HARVEST EXCURSIONS. Will be run by the Chicago & North-western Railway to points in Iowa, Minnesota, Dakota (including the Black Hills), Nebraska, Wyoming, Colorado Utah, Idaho and Montana, for which tickets will be sold August 6th and 20th September 10th and 24th and October 8th at half the usual rates, one fare for the round trip. These excursions will enable those desirous of locating on free government lands or purchasing cheap railroad lands to look the ground over carefully and judge for themselves of the rapid development of the country and the wonderful fertility of the soil. For full information regarding rates, tickets, etc., apply to any agent of the Chicago & Northwestern Railway.

A Sound Legal Opinion. E. Bainbridge Monday Eq., County Atty., Clay county, Texas, says: Dave used Ely's Cream Ointment for his hemorrhoids. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. An afflicted Electric Bitters saved his life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off as well as cure all Malaria, Biliousness, and all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1 at F. Sherer & Co's Drugstore.

The best value in the world for cures, sores, ulcers, salt rheum, fever sores, scalds, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, money refunded. Price 25 cents per box. For sale by F. Sherer & Co.

THE CASUALTY RECORD.

FEARFUL ACCIDENT IN AN ITALIAN TUNNEL.

Ten Persons Killed and Many Injured—A California Town Burned—Destructive Prairie Fire.

LONDON, Oct. 1.—Brief advices of a frightful railway disaster have been received here from Naples. A train carrying a regiment of militia and a regular passenger train met in a collision in a tunnel at that city. Both trains were wrecked and ten persons were killed and thirty or forty injured. Owing to the darkness and the consequent difficulty of reaching the scene of the wreck there was considerable delay in removing the dead and rescuing the wounded.

FATAL FIRE IN MICHIGAN. A Paralytic at Somerset Center Cremated in His Room.

HILLSDALE, Mich., Oct. 1.—Michael Ernis, a paralytic, who had been residing at Keister's drug store at Somerset Center, seventeen miles from here, was burned to death early yesterday morning. A lamp exploded in the drug store and the place was soon in a blaze and being unable to move, was burned to a crisp. In addition to the drug store the rink used as a public hall, Warner's harness shop, Wetherman's and Stong's dry goods stores, and the household goods of several families in the rooms over the stores were destroyed. The only insurance was a small one on Keister's drug store.

SWEET BY THE FLAMES. The Entire Business Portion of Cambridge, Cal., Destroyed.

CAMBRIDGE, Cal., Oct. 1.—Fire started in the Proctor house and burned the entire business portion of the town, with all the stores and houses in the immediate vicinity. No lives were lost. The loss is \$125,000, partly insured.

A Minnesota Prairie Fire. HERMAN, Minn., Oct. 1.—The most destructive prairie fire that ever visited this section of the country swept through here last evening. Some farmers have lost their entire crops. In the immediate vicinity of this city the loss is not less than \$10,000.

BIG POTATO CROP ASSURED. Conditions Prove Very Favorable to the Growth of That Tuber.

CHICAGO, Oct. 1.—The following will appear in the Farmers' Review of Oct. 3: The potato crop of 1889 in the territory covered by our crop report bids fair to surpass that of any previous year, and this not because of an increased area seeded this crop, the average acreage this season being less than in 1888. The surplus must be wholly accounted for by conditions very favorable to the growth of this tuber and the general absence of insect enemies.

The reports of damage from Colorado beetles and grubs are few in number and widely scattered. Considerable damage from potato rot has been experienced in Ohio and Michigan, but not enough in other States to materially affect the total product. The most serious damage reported has been caused by drought, which has been particularly severe in Nebraska, Iowa, Ohio, Michigan, Minnesota, and Dakota. In Illinois, Missouri, and Kentucky there was but little damage from any cause, and a fine crop is being harvested in those States.

From the reports of our correspondents we compile the following: Acreage as compared with last year: Illinois, 99 per cent; Indiana, 98; Iowa, 101; Michigan, 96; Wisconsin, 95; Minnesota, 93; Dakota, 86. Condition at harvesting time as compared with an average: Illinois, 101 per cent; Indiana, 100; Iowa, 98; Michigan, 77; Wisconsin, 93; Minnesota, 81; Dakota, 71.

MINNEAPOLIS Property Sold to a Syndicate. A Cash Deposit Made.

MINNEAPOLIS, Minn., Oct. 1.—There seems to be no longer any doubt that the Chicago dispatches relative to the big financial deal in mills and elevators is founded upon fact, and that ere long the property will be transferred to the purchasers. Investigations show that the syndicate holds options on all the Minneapolis property mentioned, C. M. Harrington, the manager of the Vanuise and Star elevator system, said to-day: "Mr. Mayor is right. I have signed an option contract, and, representing the syndicate, has put up a cash deposit. I would not like to say how much, nor can I tell you when the deal will be consummated, but I will assure you that the property has not yet been transferred."

Minneapolis Has a Sanguine Inventor. MINNEAPOLIS, Minn., Oct. 1.—Richard Robillard, engineer at the Pillsbury A mill, has invented a machine which claims to be a solution of the problem of perpetual motion. It requires no fuel, and a little oil is all that is needed to keep it in motion. Robillard said that at 3 o'clock yesterday afternoon the machine had been running exactly seven weeks. The inventor is engaged on a larger machine, which will be carefully constructed. He has taken steps to have a machine patented and thinks he has made the discovery of the century.

Pleuro-Pneumonia in the West. OTAWA, Ont., Oct. 1.—Sir Charles Tupper, high commissioner in London, reports to the Department of Agriculture here that a case of pleuro-pneumonia had appeared at Liverpool Sept. 11 among the cattle shipped from the Western States. The disease, he says, must have been contracted before the animal was shipped, and proves that pleuro-pneumonia exists in the Western States. Officers of the department along the northwestern frontier have been requested to exercise the greatest vigilance with regard to the importations of cattle from the States.

State Workmen at Johnston Discharged. JOHNSTOWN, Pa., Oct. 1.—The workmen of the State were discharged Monday night, but the work of cleaning up the town has not yet been completed. Hundreds of cellars are still filled with storm wreck, and a number of bodies are supposed to be buried under the debris. The corpse of a child was found yesterday. The citizens' committee has gone to Harrisburg to confer with Gov. Beaver in hope of obtaining for the State the cost of the work of clearing away the rubbish by the State authorities.

Indiana Mine-Owners Protest. BRAZIL, Ind., Oct. 1.—The operators of Brazil block-coal, whose miners have been on strike since May, have issued a protest against intimidation as exercised by the strike toward the men now working. They give notice that no intimidators will ever be employed by them. They also deny the report that a few days of delay will result in forcing the operators to pay the rates demanded by the strikers.

Breathing the Germs of Disease. To inhale the germs of disease with their daily breath is the fate of denizens of malarious-scourged localities everywhere. The epidemic atmosphere of poison may, however, be refuted of its reason and rendered innocuous by a defensive use of Hostetter's Stomach Bitters. This (pre-eminently safe and effective remedy and safeguard not only eradicates the disease when developed, but enables the system to safely brave its assaults. Every physical function is confirmed or restored to regularity, the circulation quickened if sluggish, and a bilious habit, which of itself begets a proneness to both intermittent and remittent fevers, is banished. Where extrinsic atmospheric causes exist, powerfully counteracted by this inimitable fortifying and defensive agent, which has, moreover, none of the disagreeable characteristics of a drastic cathartic or an alkaloid. Fever and ague, dumb ague and ague cake, and the centura of the Isthmus, are conquered by it, surely, pleasantly. Rheumatism, neuralgia, gout, kidney and bladder troubles, constipation and indigestion yield to it.

Beecham's Pills act like magic, on a weak stomach.

"HOW clean one always feels after using the IVORY SOAP." "Yes, that's because it rinses off so easily. My attention was attracted to the soap by seeing an analysis of it published, in which it was shown that the 'IVORY' was a well made soap, that the alkali is so thoroughly combined with the oils, that it has more than ordinary cleansing power and there is nothing sticky or greasy about it."

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the Ivory," they ARE

THE GAZETTE.

THE OFFICIAL CITY PAPER.

AVERAGE CIRCULATION OF DAILY AND WEEKLY \$5,500.

LOCAL MATTERS.

Stainless steel black boxes—guaranteed absolutely fast at J. M. Boswick & Sons.

BRIEFLETS.

The iron work on the four mile bridge is being put in place.

A very small seal has been placed in the Fountain Cigar Store fountain.

Fresh eggs are very scarce in the market, and much wanted by our grocers.

A new concrete walk is being put down in front of Brown's east end grocery store.

The person holding the ticket No. 5 is entitled to the dress pattern given away at the Magnet.

Janeville City Lodge No. 30, I. O. O. F., occupy Odd Fellows hall this evening—regular weekly meeting.

The regular monthly meeting of Fire Police will be held this evening at the company's rooms in the Jackson block.

Conductor Moulton took his position again this morning on the accommodation train, after a few weeks' vacation.

Western Star Lodge No. 14, F. and A. M., assemble in regular semi-monthly communication this evening at Masonic hall.

The annual dues of the members of the Associated Charities are now due. Please see to it and save the ladies the trouble of calling on you.

This morning Mr. Hayes broke the key to the vault in F. O. Cook's jewelry store. Quite a little trouble was experienced in getting the safe open.

Oriental Lodge No. 22, Knights of Pythias, assemble in regular weekly meeting this evening—lodge room in Gaston hall, Jefferson block, West Milwaukee street.

Yesterday J. B. Hyer went to Indian Ford on a fishing excursion. Eighteen fine pike and ten black bass were caught, and not a very good day for fishing either.

Quite a number of Janeville's business men made calculations to attend the testing of the water works in White-water to-day, but for some unknown reasons, they failed to go.

The funeral of little Willie Hanson, son of Mr. George Hanson, of Orfordville, was held at the above place at 8 o'clock this morning. The remains were taken to Stoughton for interment.

The Associated Charities need a supply of winter clothing for children or adults of either sex. Parties having contributions can leave word at Palmer & Stevens' drug store and they will be sent for.

Chief Blunk and engineer A. W. Bauman took the west side fire steamer out this afternoon and gave it a warming up. The engine appears to be in good order and worked well.

The funeral of Miss Ella Noonan, daughter of Magnolia, will be held in the Catholic church at Footville to-morrow morning at 9:30 o'clock, from which place the remains will be brought to this city and buried in Mount Olivet cemetery.

The city hospital medical staff for the month of October, November and December, are Drs. E. E. Loomis, J. W. St. John, G. C. Christensen and B. T. Seaborn. Everything is progressing favorably at the hospital. The regular quarterly meeting of the directors will be held at the rooms of the Associated Charities, on Wednesday evening, October 10th, at half past seven o'clock.

The funeral services of the late Mrs. Mary Robin were held from the home of her son, Mr. George Schaffner, this morning at ten o'clock, the Rev. W. F. Brown officiating; after the service the remains were taken to Oak Hill cemetery for interment. The pall bearers were: Messrs. Peter Lennartz, John Ehringer, John Falter, John Zawzow, Herman Sandow, and Michael Buob.

The prizes at the shooting gallery were awarded last night. First prize, a five repeating rifle, was carried off by Mr. Charles Davis; second prize, \$3, by B. O. Monroe; third, \$5, by Norman Taylor; fourth, \$3, by Wm. Dobson.

The birds are the next target to be shot at, and the following prizes are offered: For the one knocking down the largest number of birds in succession, first prize, \$10; second, \$8; third, \$6; fourth, \$4; fifth, \$2. Prizes to be awarded October 11th.

Mr. Lee Brown, deputy sheriff of Edgerton, brought an old tramp down this morning to board with Sheriff Babcock for five days. It seems that on Sunday a couple of saloon keepers of that city gave the old man three bottles of whisky. The old man "squaled" on them, and they were arrested and fined \$10 each and costs. They, in retaliation, had the old man pulled for vagrancy, with the above results. Tit-for-tat, is the way they do business up there.

The remains of the late Mrs. Mary Rider, whose death has been mentioned, were brought to this city on the early Sunday morning train, and were taken to the home of her son, Mr. A. Rider, No. 10 Franklin street, where the funeral was held Sunday afternoon at 2 o'clock, Rev. W. F. Brown officiating. At the close of the service, the remains were taken to Oak Hill cemetery for interment. The pall bearers were Messrs. J. S. Conrad, S. E. Phillips, Edward Calk, D. C. Berdick, Martin Halverson and Volney Atwood.

Yesterday Mr. Orlis, Orlis, of the town of Center, who was threshing for Mr. Dan Wright of the same town, came very nearly being seriously injured by a colt he was driving. It is a young colt, and was purchased from Mr. Amos Orlis, and like all other colts is quite frisky. While stopping at a neighbor's for a moment the colt became frightened and began backing up, much to the discomfort of the driver, as well as to the buggy. Orlis, however, held on to the lines, and escaped without any serious injury. Orlis says the colt is "pony" because he can depend on it, and unlike many has no vicious habits.

The semi-annual muster of the Light Infantry took place at the Armory last evening, and about forty members responded to roll call. They were drilled for some time, and dismissed; some were paid for encampment week, and the rest expected to be. Janeville Light Infantry is now, as it always has been, one of the best companies in the state. Under their gentlemanly leader, Capt'n Koebelin, they are thoroughly drilled and finely equipped for any emergency. Their treasury is overflowing, and the prospect is could not be better. Several

members are now absent from the city on business and at school, so it is impossible to turn out a full quota of men. The utmost harmony and good feeling prevails among the officers and privates. Janeville will well feel proud of Co. A, of the first regiment of Wisconsin.

MINISTERS ASSIGNED

TO THE METHODIST CHURCHES IN THE JANEVILLE DISTRICT.

At the Wisconsin Conference of the Methodist Episcopal church, held at Beaver Dam, yesterday, Bishop Newman announced the following assignment of ministers to the churches in the Janeville district:

Presiding Elder—Rev. R. W. Bosworth, with headquarters in Janeville, Allen's Grove—Rev. J. W. Olmstead, Beloit—Rev. F. L. Wharton, Clinton—Rev. F. W. Peterson, Delavan—Rev. F. O. Bryant, East Troy—Rev. Thomas Porter, Edgerton—Rev. H. Sewell, Elkhorn and Sugar Creek—Rev. W. C. Summers, Emerald Grove—Rev. M. Ross, Evansville—Rev. W. S. Stevens, Fort Atkinson—Rev. L. W. Wheeler, Footville—Rev. W. B. Mellett, Hart Prairie—Rev. H. W. Toukin, Hebron and Rom—Rev. Geo. W. Verity, Janesville—Curt Street—Rev. E. L. Eaton, Janesville—First Church—Rev. M. Evans, Jefferson—Rev. L. B. Bullock, Lake Geneva—Rev. T. W. North, Lake Mills—Rev. S. J. Hoff, Lima—To be supplied, London—Rev. J. G. Galling, Lyons—Rev. I. M. Wolverson, McFarland—To be supplied, Milton and Milton Junction—Rev. M. O. Hickman, Orfordville—Rev. J. R. Reynolds, Richmond—Rev. R. Davidson, Sharon—Rev. S. A. Olin, Shopshire—Rev. W. A. Peterson, Stoughton—Rev. B. T. White, Whitewater—Rev. A. J. Benjamin.

RESOURCES OF TEXAS.

AN INTERESTING TALK BY MR. T. A. WILKINSON.

Mr. T. A. Wilkinson, of Texas, delivered an entertaining lecture at the Business Men's room last evening, on the resources of his adopted state. Mr. Wilkinson has been a resident of Western Texas for a number of years. He is an enthusiastic champion of Texas oil, and has been successful in his efforts to give by the exhibits of products of the state through the medium of his special car; he makes a strong argument in favor of the oil southwest.

Although a union soldier and a radical republican, he stated that he had never been insulted by word or deed during his residence in the frontier state, and that the tide of emigration that had flooded that country during the past decade had accomplished much in the way of reformation and moral sentiment and morality. He claimed that the great mass of southern people were loyal to-day, and would be only too glad to express their loyalty in uniting with the north against a common foe should opportunity present.

The enterprise of Texas, and especially of Fort Worth, one of her thriving cities, was justly commended. It is safe to say that the state will be benefited by Mr. Wilkinson's visit; and there is no question but that many a man's fortune has been increased by finding a home in the largest state in the Union, and rapidly developing New Eldorado. The gentleman left with his car this evening over the O. M. & St. P. R. R.

OAK HILL CEMETERY.

THE INTERMENTS FOR THE MONTH OF SEPTEMBER.

The following is the record of interments in Oak Hill cemetery during the month of September:

September 4th—Alex. McDowell, Janesville, aged 28 years.

September 6th—M. J. Sarah, Nickerson, Mich., aged 82 years.

September 13th—M. A. Abbey, M. Allen, Janesville, aged 39 years.

September 14th—E. W. Boyd, Lima, aged 32 years.

September 16th—James H. Horn, Janesville, aged 77 years.

September 21st—Lillie M. (Goddin), Janesville, aged 77 years.

September 21st—Alphus Foss, Desplainer, Ill., aged 70 years.

September 27th—John Rice, Janesville, aged 71 years.

September 29th—Mrs. Mary Rider, Janesville, aged 77 years.

The register of the association in Secretary Barrows' office shows that there are now three thousand eight hundred and thirty-three interments in the cemetery.

The cemetery authorities are now trimming up the trees, clearing the grounds, making everything ready for the coming winter. The grounds have been greatly improved during the past season, and are now in good order and condition.

THE EDITORIAL ASSOCIATION.

At the close of Mr. Wilkinson's lecture last evening, mention was made of the fact that the Wisconsin Editorial Association desired to hold their winter meeting in our city. The sense of the meeting was expressed in a unanimous desire to extend an invitation. At the regular monthly meeting next Monday evening some definite action will be taken. The Gazette will simply say that the coming together of men from one to two hundred newspaper men means an immense amount of gratuitous advertising for any city.

The business men of Janeville will not be slow to appreciate this fact, and a cordial invitation will doubtless be extended to the association.

The meeting at the Business Men's rooms next Monday evening should be well attended, and arrangements perfected to insure success.

Reduction in Price of Gas.

OFFICE OF NEW GAS LIGHT CO., Sept. 30, 1890.

On and after October 1st, 1890, the price of gas will be \$2.00 per thousand feet, with the following discount, if paid on or before the 12th day of each month:

Per Cent. Discount. Net.

20 for 4,000 or over, making.....1.80

25 for 6,000 or over, making.....1.90

H. MERRILL, Supt.

THE CHAUTAUQUE.

AN INTERESTING MEETING LAST EVENING—ELECTION OF OFFICERS.

Accepting the kind and cordial invitation extended by Mrs. A. E. Shumway, 405 Court street, the members of the Chautauque Circle assembled at that lady's home last evening and partook of her generous hospitality. There was a large gathering of both old and new members of the circle, and a right interesting and instructive meeting it was. The first thing on the programme was the supper, which was served in a new and novel manner. Each class in the circle has its own badge, motto and flower. Each of the guests found her place at the table by the flower which represented her class. One table had pansies, another white roses, another tub roses, while a hatched represented the class of '82, or the pioneer class. Mrs. C. A. Hunt was the only member present from that class. The supper was elegant and was partaken of with that hearty relish which accompanies a delicious spread.

After supper the circle was organized for the season of 1889-'90 by the election of the following officers:

President—Mrs. C. A. Hunt.

Vice President—Mrs. F. C. Crockett.

Corresponding Secretary—Mrs. B. H. Cook.

Recording Secretary—Mrs. Mary Lane.

Treasurer—Miss May Clark.

Medical Director—Miss May Patterson.

Committee of Instruction—Mrs. J. L. Ford, Mrs. G. E. Veeder, Mrs. James Mills.

The Chautauque Circle Topics were then taken up. Each person had the privilege of selecting her partner, and two minute speeches were made on the following topics: Chautauque, Recognition Day, Greece and the Greeks, Modern Church in Europe, New Chautauque, Chemical Experiments, Monopoly, Recognition Day, Sunday Readings, Symbols of Chemistry, Chains of Zoology, Class Motives and Badges, Lecture Course and The New Year's Work. These topics were discussed in a spirited manner and proved a source of no little delight. Mrs. Shumway acted as time-keeper.

The thirty-five or forty guests did not retire until the evening was well advanced, and all were refreshers in the opinion that their hostess was a most admirable one.

The meetings of the circle will be held on the first and third Monday evenings of each month in the parlors of Mrs. Hawes, on West Milwaukee street. All persons desiring to join can confer with Mrs. Hunt or Mrs. Hawes. The Chautauque has been changed to the Century form and is now received twelve months in the year instead of ten as heretofore. The subscription price is \$2.00, or \$1.80 in clubs. The meetings of the circle will continue for ten months closing in July, 1890. The Chautauque Circle is a prominent literary organization and is in a flourishing condition.

PERSONAL MENTION.

THE COMING AND GOING OF PEOPLE WE KNOW.

—Mr. John Gowdy is in Milwaukee to-day.

—Mr. James Br. is left for Monroe this morning.

—Mr. S. N. Nor. spent the day in Beloit on business.

—Mr. Charles Tuttle, of Evansville, is in Janesville to-day.

—Mr. H. B. DeLong is in Milwaukee, riding in the exposition.

—Mrs. Olive Snyder went to Richmond Center this afternoon on an extended visit of several weeks.

—Mr. Dick Hawley, clerk at the P. & H. House, is out again cheerful as ever, after being some what sick for nearly two weeks.

—Miss Minnie Ann Nellie Hubbel returned to their home in Fulton, after a week's visit with Mr. and Mrs. Willis Miles, Lincoln street.

—Superintendent Howe, of the water works, went to Whitewater this morning, where an official test of the water works plant in that city was made to-day.

—Mrs. Judge Oresoddy and daughter, Mrs. Dr. Jacobs, of Madison, are visiting with Mr. and Mrs. G. M. Hrubetz and Mr. and Mrs. J. O. Orlis, of this city.

—Mr. W. E. Crawford, Mr. Heimstreet's poplar drug clerk, returned from Chicago last evening where he has been taking in the ball games and other sights.

—M. G. Jeffries, Esq., of the law firm of Fethers, Jeffries & Field, went to Duluth last evening on legal business, and will keep him absent the remainder of the week.

—Mrs. Dr. Dr. returned to her home in Nashville, Tenn., this morning. Mrs. Dake has been spending the summer with her parents, Mr. and Mrs. Richard Wiggan, of the first ward.

—Mr. Harry E. Ranor has begun the study of pharmacy in Frank Sherr's drugstore, taking the place vacated by Willie Ptening, who is now in the Chicago College of Pharmacy.

—Mr. William Dooley, the popular auctioneer of Rock county, was in Janesville this morning. Mr. Dooley reports sales every day for the past three weeks, and many engagements in the near future.

—Mr. Fred A. Peel, the man who reported that he knew "Ole Olson," was a pleasant caller at this office to-day. Mr. Peel is the advance agent of the Ole Olson comedy company, billed here for next Monday night.

—Mr. W. G. Palmer, District Chief Templar, of the I. O. G. T., left for Madison this afternoon to attend the Grand Lodge meeting this evening. Mr. Palmer goes as a delegate from People's Lodge No. 70, of this city.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 52 degrees above zero. Fair; cloudy with west wind.

At one o'clock p. m. the register was 60 degrees above zero. Clear with a west wind. For the corresponding hours one year ago the register was 75 and 69 degrees above zero.

Hall & Co's. and other makes of Janesville dresses goods only 20 cents a yard—large lot to select from.

J. M. BOSWICK & SONS.

SABBATH OBSERVANCE.

ACTING OF THE WISCONSIN M. E. CONFERENCE AT BEAVER DAM.

Most of the business of the Wisconsin conference of the M. E. church at its concluding session on Monday, was of a routine nature. Whitewater was designated as the next place of meeting.

A resolution was adopted discouraging the giving of entertainments for the purpose of raising funds for the church. The following preamble and resolutions, submitted to the report of the committee on Sabbath Observance, were adopted without debate:

We are pained to notice that there has been a growing disregard for its observance and sacredness, which we believe is largely occasioned by foreign immigration, the avowed of large corporations and the desire of the people for amusement and pleasure.

If something is not done immediately, we fear that a conventional Sabbath with all its evils will be the result. Its sacredness is demanded by the laws of our land, and it should be allowed to be broken with impunity, especially one which is so intimately connected with the well-being of our people. Thus the laws of our land as well as the laws of God are violated by the opening of the Sunday newspaper, the running of Sunday trains, Sunday excursions and picnics, base-ball games, opening of saloons, beer gardens, on the Lord's day, with many other things, which are only winked at by many of our city authorities who are more desirous of recreation than they are of our laws enforced. Finally, it is a source of alarm to us that our government sets an example violating the sanctity of the Sabbath by the opening of the post office for the delivery of mail, thus keeping an army of workmen from enjoying their God given rights; therefore

Resolved, That as minister of this conference we are bound to show our disapproval of this growing evil by neither reading nor advertising in these papers which publish a Sunday edition.

Resolved, That as a church we disapprove of the course of our government in requiring the distribution of the mail on the Sabbath's day, and that we will do all in our power to have this evil removed.

Resolved, That the open saloon and theater, picnics, excursions and baseball games are violations of the sanctity of the Sabbath, and that Christian people should be united in their efforts to have them removed from our midst.

The treasurer's report showed over \$3,000 for work on preachers.

The statistician, W. J. Fisher, said that the first year had been the most successful in the history of the conference. The probations numbered 1885, an increase of 453; from 1,974, an increase of 68. The church property is valued at \$1,029,800, of which \$990,071 is unencumbered. The Sunday school pupils number 19,639, an increase of 818.

The Rev. C. D. Pillsbury was requested to preach the semi-centennial sermon of his ministry next year.

A resolution endorsing and supporting the Church Mutual Life Insurance society of Wisconsin was passed.

The usual resolutions of thanks were adopted with unusual cheer.

THE TEMPERANCE REPORT.

The temperance report adopted by the conference is the mildest in tone that has been adopted for many years. One important amendment was incorporated in it at the suggestion of the Rev. S. Logg, former presiding elder. It is to the effect that all members of the conference in the future keep their hands out of politics as far as riding in organizing political clubs is concerned and also as regards running for office. This clause is aimed at the rabid third party element that has been making itself conspicuous in organizing political clubs.

THANKS OF REAL ESTATE FOR ROCK COUNTY.

The following are the real estate transfers for the week ending September 30, 1890, as reported by C. L. Valentini, Registrar of Deeds:
